

2024 International Joint Conference

Last Call for Poster

- ❖ **DATE:** August 22 – 24, 2024. Hybrid Conference (on & offline)
- ❖ **VENUE:** Sun Moon University in Asan and HJ Magnolia Hospital in Cheongpyung, Korea

Greetings from the program committee of the 4th ICHJA. We invite you to give poster presentation in the 4th ICHJA in August 2024.

Two ways to publish in the proceedings of 4th ICHJA: one way is just the poster itself and the other way is the extended abstract when submitted before July 20, 2024. The extended abstract should be ready for publication in the Proceedings of the 4th ICHJA, and the decision on its publication is entirely up to us. Thus, it is important that you strictly follow the guidelines for the extended abstract and utilize the template. Be sure to list your affiliation in detail including full address in the extended abstract, and pay particular attention to the way how the references are presented at the end of an article without footnotes.

For both the extended abstract and the poster, please refer to the template and previous Proceedings in our homepage to check required submission format.

Downloadable templates: <https://www.ichja.org/info>
Previous Proceedings: <https://www.ichja.org/proceedings>
Submission e-mail: hyojeong.academia@gmail.com
